Approval for Electronic Notices

Per Florida Statute 720.303 Association Powers and Duties (2) (c) 1:
The bylaws or amended bylaws may provide for giving notice by electronic transmission in a manner authorized by law for meetings of the board of directors, committee meetings requiring notice under this section, and annual and special meetings of the members; however, a member must consent in writing to receiving notice by electronic transmission.

A Homeowner Association may provide all notices to the members electronically. By incorporating this provision in the code, Thurston Groves would save on printing and mailing costs by using this notice method. This would also allow us to deliver important announcements or emergency information in a timely, more uniform manner. Please fill out this form if you would like your notices sent electronically (e-mail) and sign the bottom of the form. *Please mail back to the address above.* Please do not include these forms with any other annual meeting requests or your monthly assessment.
